Anchors Aweigh:

Stand Navy out to sea
Fight our battle cry;
We'll never change our course
So vicious foes steer shy-y-y-y
Roll out the T. N. T.
Anchors Aweigh
Sail on to victory
And sink their bones to Davy Jones, hooray!

Anchors Aweigh my boys
Anchors Aweigh
Farewell to college joys (or "Farewell to foreign shores")
We sail at break of day-ay-ay-ay
Through our last night ashore
Drink to the foam
Until we meet once more
Here's wishing you a happy voyage home!

Blue of the Mighty Deep
Gold of God's great sun
Let these our colors be
Till all of time be done, done, done, done
On seven seas we learn
Navy's stern call
Faith, Courage, Service True
With Honor Over, Honor Over All.

Marines' Hymn:

From the Halls of Montezuma
To the Shores of Tripoli;
We fight our country's battles
In the air, on land and sea;
First to fight for right and freedom
And to keep our honor clean;
We are proud to claim the title
of United States Marine.

Our flag's unfurled to every breeze
From dawn to setting sun;
We have fought in ev'ry clime and place
Where we could take a gun;
In the snow of far-off Northern lands
And in sunny tropic scenes;
You will find us always on the job--
The United States Marines.

Here's health to you and to our Corps
Which we are proud to serve
In many a strife we've fought for life
And never lost our nerve;
If the Army and the Navy
Ever look on Heaven's scenes;

They will find the streets are guarded
By United States Marines.

Amplifying Guidance and Instructions:

1. **Communication:** Midshipmen are responsible for ALL methods used to communicate within the Battalion and among the staff. This includes, but are not limited to, email, which shall be read at least twice daily, land line and/or cellular telephone calls, Battalion formations, as scheduled by the Battalion Commander and/or the active duty staff, Class Advisor meetings, bulletin boards within the unit, published notices, and policy statements and guidance.

Midshipmen must immediately report any and all significant or incapacitating injuries or illness to their Class Advisor and the AMOI. Incapacitating injury or illness is one that precludes attendance at class, drill, or prescribed Battalion activities (including PT). All Midshipmen shall attend functions if safe to do so but may be excused by the cognizant Unit Staff member as appropriate.

2. **Academics:** Members of the Battalion shall take a minimum of 15 credit hours per semester during the Fall and Winter terms. OCs and MECEPs shall take a minimum of 6 semester hours during the Spring/Summer terms.

Class Attendance is mandatory for all registered classes.

The average course load for a semester is between 15 and 18 credit hours, including Naval Science (NS) classes. A course load of fewer than 15 credits or greater than 18 credits must be approved by the student's Class Advisor. A course load of less than 12 credits in a semester requires Commanding Officer approval via Class Advisor.

Any student desiring to switch majors must have the Commanding Officer's approval prior to switching with the University.

For all NROTC required courses, the student must earn a "C-" or better to receive credit. Failure to meet this requirement may result in the student retaking the class at his/her own expense - including all tuition and fees necessary for completion of the NROTC requirement.

Midshipmen unable to maintain a 3.0 GPA, or are an entering 4/C Midshipman, shall adhere to the requirements below:

Academic Study Hours Requirements:

- 10 hours per week for a GPA below 2.0
- 5 hours per week for a GPA below 2.5
- 3 hours per week for a GPA below 3.0
- No required study hours for a GPA above 3.0
- 3 hours per week for **ALL** incoming 4/C Midshipmen during Fall Semester

UNIVERSITY OF MICHIGAN NROTC MIDSHIPMAN HANDBOOK

1. Navy Option Scholarship Students. These students are required to complete course sequences in calculus and physics equivalent to at least six semester hours in each area.

a. Calculus. The calculus sequence shall include material through differential and integral calculus of one real variable.

b. Physics. The physics sequence shall be calculus-based and cover the traditional topics of mechanics, electricity, magnetism, sound, optics, heat, and other related subject matter. Students shall include appropriate laboratory classes in completing the physics requirement.

c. Students who complete calculus and physics courses at institutions other than the host institution must ensure credits with a letter grade are transferable before use for the Navy

d. Students shall complete calculus by the end of the second year of Naval Science (normally the sophomore year) and physics by the end of the third year of Naval Science (normally the junior year). PNS shall place students not completing this requirement or failing to schedule these courses to ensure timely completion on academic LOA pending completion. In certain instances, NSTC OD3 may grant a time-of-completion waiver.

e. Students who have taken calculus or calculus-based physics for college credit in high school, which the college has validated, must complete one additional three semester-hour (or equivalent) college course in each of those areas to satisfy this requirement.

2. Navy College Program Students. These students must complete one year of college level study in both mathematics and physical science as a prerequisite for commissioning.

a. Mathematics courses must be at the level of college algebra or higher.

b. The physical science requirement can be met by completing a one-year sequence, or two courses, in an area of physical science. Students shall include appropriate laboratory classes in completing the science requirement.

c. Students shall complete the mathematics requirement by the end of the junior year and the science requirement by the end of the senior year. PNS shall place students not completing this requirement on time on academic LOA pending completion.

DRILL WAIVER/UNAUTHORIZED ABSENCE POLICY

UNIVERSITY OF MICHIGAN NROTC MIDSHIPMAN HANDBOOK

a. Term Drill Waivers. Term drill waivers will not be issued except in extraordinary circumstances. If the class can be taken at another time, or is an elective that can be fulfilled by another class at a different time, the waiver will not be granted. Waivers are to be submitted via a request chit through the Platoon Commander, Company Commander, and Unit Advisor. A copy will then be sent to the AMOI and Battalion Operations Officer. Class schedules highlighting time conflicts and a listing of degree requirements highlighting the absolute need for the waiver shall be included with the request. These items will be submitted the term PRIOR to the term the waiver is needed.

b. Individual Drill Waiver. These will not be issued except in extraordinary circumstances. Waivers are to be submitted via a request chit to the Company Commanders via the Platoon Commanders. Company Commanders will copy the Unit Advisor, AMOI and Battalion Operations Officer. The submission of the request will occur no later than 96 hours prior to the event, unless there are extenuating circumstances that prohibit timely submission. Once the chit has been submitted, the Midshipman will be informed of the approval/disapproval of the chit within 72 hours.

c. If a waiver is not routed up the Chain of Command and a mandatory event is missed, corrective action will be taken. Mandatory events include, but are not limited to, all classes for which a Midshipman is registered, Physical Training (PT), and the Weekly Drill period.

7. SWIMMING

As members of the sea services, Midshipmen are required to meet the swimming standards for accession into the naval service. Therefore, all Midshipmen are required to qualify as third class swimmers by the end of their freshman year or they will be placed on a leave of absence. Midshipmen who fail the initial swim test during their 4/C year will be given a letter of caution and required to enroll in a Red Cross-certified swimming course (either through the host university or local YMCA/etc.). Midshipmen who fail to qualify as a third class swimmer at any time after their freshmen year shall be placed in a Leave of Absence status, or recommended for disenrollment as appropriate.

a. Qualifications.

(1) Third Class Qualification. This qualification requires that an individual enter the water feet first, from a minimum height of 5 feet, and remain afloat for 5 minutes. During this time the individual must swim 50 yards using any stroke or combination of strokes.

(2) Second Class Qualification. To qualify as a second class swimmer, a midshipman must enter the water feet first from a height of 10 feet and remain afloat for 10 minutes. During this time, the individual must swim 100 yards and use the three basic survival strokes (side, back, and breast) for a minimum of 25 yards each.

(3) First Class Qualification. To qualify as a first class swimmer, the individual must complete second class swimmer qualifications in addition to the following:

(a) Approach a person of approximately the same size while in the water, demonstrate one break or release, get the person in a

UNIVERSITY OF MICHIGAN NROTC MIDSHIPMAN HANDBOOK

carry position, and tow him/her 25 yards.

(b) Enter the water feet first and immediately swim under water for 25 yards. Swimmer is to break the surface twice for breathing during this distance at intervals of approximately 25 feet.

(c) Remove trousers in water, inflate for support and remain motionless for a minimum of one minute.

(d) Swim 220 yards using any survival stroke or combination of survival strokes desired.

b. Administration. The swimming test will be administered two times throughout the academic year. The first time, held early in September, is mandatory for all midshipmen not first class swim qualified. The second time the test is given is optional provided the midshipman is third class swim qualified. The test will be taken until first class swim qualified.
